PROFESSIONAL SUMMARY

B.Tech CS (AI & Data Science) fresher with hands-on internship experience in data analytics, ETL pipelines, and business intelligence. Proficient in Python, SQL, Power BI, Pandas, and NumPy — delivered 40% reduction in manual reporting and 30% workflow efficiency improvement across 2 internships. Passionate about turning raw data into actionable insights and contributing to data-driven organizations.

TECHNICAL SKILLS

Languages: Python, SQL, JavaScript, R (basics)

Data Analysis: Pandas, NumPy, SciPy, EDA, Statistical Analysis, A/B Testing, Data Wrangling, Data Cleaning

Visualization: Power BI, Matplotlib, Seaborn, Plotly, Excel (Pivot Tables, VLOOKUP, Charts)

Machine Learning: Scikit-learn, TensorFlow, Regression, Classification, Clustering, Model Evaluation

Databases: MySQL, MongoDB, SQL Queries, Joins, Aggregations, Database Design

ETL & Big Data: ETL Pipelines, Data Modeling, Apache Spark (basics), AWS Fundamentals

Web & APIs: Django, Flask, FastAPI, React.js, REST APIs, HTML5, CSS3

Tools: Git, GitHub, Jupyter Notebook, VS Code, Postman, MS Excel, Google Sheets

EXPERIENCE

Data Science Intern — The Skybrisk (Remote)

Jun 2025 – Dec 2025

- Designed and maintained scalable ETL pipelines and backend workflows using Python, SQL, Pandas, and NumPy; automated reporting, reducing manual effort by 40%.
- Collaborated in Agile cross-functional teams across the full SDLC including development, testing, deployment, and documentation.

Data Analyst Intern — Elevate Lab (Remote)

May 2025 – Jun 2025

- Developed Power BI dashboards for KPI tracking and optimized SQL + Python reporting workflows, improving efficiency by 30%.

PROJECTS

Netflix Content Analytics | Python, Pandas, Matplotlib, Seaborn [GitHub](#)

- Performed end-to-end EDA on 583 Netflix titles (2014–2021), identifying a 27% Documentary concentration and 69% English-language bias as key content strategy gaps.
- Uncovered that 35% of Netflix catalog scores below 6.0 on IMDb and formulated 4 data-backed recommendations projected to improve catalog quality score from 6.28 to 7.0+.

Sales Analysis Dashboard | Python, Pandas, Power BI, Excel [GitHub](#)

- Built an interactive BI dashboard analyzing ₹719K sales data across regions, product categories, and sub-categories with KPI reporting.
- Performed Data Cleaning, EDA, and created Power BI visualizations to track sales trends, profit analysis, regional performance, and top products for data-driven decisions.

Indian Sign Language Translator (HandTalk India) | Python, MobileNet, TensorFlow, OpenCV, Flask [GitHub](#)

- Built a real-time ISL Translator using MobileNet deep learning for gesture classification and Flask backend integration, enhancing accessibility through AI/ML.
- Implemented image preprocessing and computer vision workflows for seamless real-time gesture-to-text conversion.

EDUCATION

B.Tech in Computer Science (Data Science & AI)

2022 – 2026 | CGPA: 7.31

Shri Ramswaroop Memorial University, Lucknow

Intermediate (Class XII) — The Lucknow Public Collegiate, Lucknow

2021 – 2022 | 76%

CERTIFICATIONS

Artificial Intelligence Analyst — IBM | Machine Learning with Python — IBM | Data Analysis with Python — IBM | Python for Data Science — IBM
